The compact safes

PROTECTION OF VALUABLES

PROTECTION OF VALUABLES

Our valuables protection cabinets – furniture fittings, wall safes or classical safes – meet your safety requirements and offer protection on the highest level. Different sizes, safety levels and a variety of locking devices offer a wide range of applications, in business as well as in the private sector.

- SERIES**
- ▶ AMA | AMB
 - ▶ AE
 - ▶ AW
 - ▶ AG

DATA CARRIERS

Data protection cabinets distinguish themselves for their utmost fire- and burglar-proofness. In order to meet your company-specific needs, individual fittings and the combination of several safety devices, e.g. lock systems, alarm systems, are possible.

- SERIES**
- ▶ AED

DOCUMENTS

Document cabinets are a safe place to keep contracts, instruments, cash and valuables. These model series offer a variety of professional solutions with individual fittings for your business documents. The AEP series distinguishes itself in particular for its fire-proofness class S 120 P.

- SERIES**
- ▶ DST
 - ▶ AEP
 - ▶ AFH

IT

IT and server safes safeguard the existence of your enterprise. Fire- and burglar-proof EDP cabinets guarantee maximum physical safety of your business data (e.g. customer files, balances, production data) and of your software and hardware.

- SERIES**
- ▶ IT-SAFES
 - ▶ SERVERSAFES

SERVICE

Our competent service team delivers the safe ordered directly to the place of installation. We assist you with help and advice in case of problems such as maintenance, conversion, move or waste disposal. Our Germany-wide network guarantees quick help in the event of damage as well as an emergency opening of your safe within 24 hours.

- SERVICES**
- ▶ 24h SERVICE
 - ▶ MAINTENANCE

ENGINEERING

Individual company structures require individual solutions. We assess your needs, create the plans and realize the safety system geared to your needs. We combine our extensive know-how and the latest technologies with your requirements and desires, e.g. when it comes to dimensions, shapes and design, in a synthesis of tradition and innovation.
